
TIPS FOR VOLUNTEERS

- ***Consider the skills you have to offer***

If you enjoy interacting with people, like to pay attention to detail, then you will want to incorporate a volunteer opportunity with these aspects of your personality.

- ***Try something new***

Not sure what you would like to do, then we can help you with a new experience at the library and offer a change to your daily routine.

- ***Give back to your community***

Volunteering is a great way to give back to your community but make sure the hours you want to volunteer fit your lifestyle. Don't over-commit so you exhaust yourself or frustrate your family life.

***You can make
a difference!***
